### Statement 7 - Form 990, Part III, Line a - Statement of Program Service Accomplishments

### Description

Wildlife Action Programs: Long known for its leadership on endangered species issues, Defenders of Wildlife is a solution-oriented organization dedicated to saving imperiled animals and plants, conserving habitat and building a broad constituency for protecting wildlife and wild places. We harness the skills and expertise of more than 100 scientists, wildlife specialists, educators, activists, economists and attorneys to work in the halls of Congress, state legislatures, the courts, local communities and more than a dozen Defenders of Wildlife communities and more than a dozen Defenders of Wildlife offices in North America. We develop and advocate innovative solutions that will encourage conservation of entire ecosystems and interconnected habitats while protecting predators that serve as indivator species for ecosystem health. Through this multi-pronged approach of education, advocacy, research and litigation, we work to: \* Protect Native Animals and Plants: We develop and champion practical programs to save a wide variety of North American species, including key species such as wetlands, forests and grasslands from unsustainable use. \* Advocate for Environmental Legislation: We mobilize supporters and work with partners on the international, national, state and local levels to secure laws and policies that safeguard wild species and their habitats.
