

CCI supported wildlife advocates across Defenders and the country with maps and science for wins for beavers, wildlife refuges, and more.

30x30 continues to advance as a national priority and priority among states, and CCI and Defenders are leading the way on science and policy.

Congress increased ESA funding at FWS by 7% for FY 2021, and analyses from CCI played a key role.

FWS has been using, or adopting into their infrastructure, technology tools developed in CCI as part of their decisions and operations.
