CONSERVATION REPORT CARD

— Evaluating the 111th Congress —

Defenders of Wildlife Action Fund educates the public about conservation issues and generates grassroots efforts to ensure that members of Congress and the president hear from constituents on pending legislation and regulations.

Defenders of Wildlife Action Fund advocates in Washington, D.C., for legislation to safeguard wildlife and habitat and fights efforts to undermine conservation laws, such as the landmark Endangered Species Act. The Action Fund also publishes the *Conservation Report Card* to help citizens hold their legislators accountable by providing information on how lawmakers voted on important conservation issues. An online version of the *Conservation Report Card*, which contains detailed and updated information about key votes, is available at **www.defendersactionfund.org**

Defenders of Wildlife Action Fund is a 501(c)(4) organization with a segregated Section 527 account.

The Defenders of Wildlife Action Fund's *2009-2010 Conservation Report Card* measures the commitment of U.S. senators and representatives to wildlife and habitat conservation during the 111th Congress. It reviews six Senate votes and seven House votes on key conservation issues, providing a clear assessment of how well members of Congress are protecting wildlife and wild lands for future generations.

The *2009-2010 Conservation Report Card* covers votes on important issues such as protecting polar bears, the world's imperiled wild feline and canine species, and California sea otters; safeguarding wildlife and habitat in sensitive borderlands; addressing the impacts of climate change on wildlife; regulating greenhouse gas emissions; upholding the Endangered Species Act; and drilling for oil off our coasts.

Use this report card to examine what your elected representatives are doing to conserve our natural heritage for our children and grandchildren. A more detailed online version, updated after every key vote, is available at: www.defendersactionfund.org.

1 Undermining the Endangered Species Act and Polar Bear Protections

The Senate rejected an amendment that would have delayed the administrative reversal of Bush administration rule changes that weakened the Endangered Species Act and limited protections for the listed polar bear. (*March 5, 2009, Roll Call No. 82*)

2 Walling Off Sensitive Borderlands and Wildlife

The Senate passed an amendment to the FY 2010 Department of Homeland Security appropriations bill that would have required the building of at least 700 miles of reinforced fencing and doubled the number of miles of wall along the Southwest border. (*July 8, 2009, Roll Call No. 220*)

3 Attacking the Endangered Species Act

The Senate rejected a motion that would have prevented the implementation of two biological opinions protecting endangered and threatened salmon, steelhead, sturgeon, delta smelt and orcas in California under the Endangered Species Act. (*September 22, 2009, Senate Roll Call No. 292*)

4 Expanding Offshore Drilling

The Senate rejected a motion to expedite drilling in long-protected waters along the Atlantic and Pacific coasts. (*September 23, 2009, Senate Roll Call No. 293*)

SENATE

KEY ISSUES & VOTES

5 Harming Borderlands Wildlife by Requiring More Walls

The Senate rejected a motion to suspend Senate procedures and permit consideration of a harmful 2010 Supplemental Appropriations Act amendment that would require at least 700 miles of reinforced fencing along the Southwest border. The fencing would replace the more wildlife-compatible vehicle barriers that now form about half of the existing border wall. *(May 27, 2010, Roll Call No. 172)*

6 Blocking EPA from Regulating Greenhouse Gas Pollution

The Senate rejected a resolution that would have prevented the Environmental Protection Agency (EPA) from regulating greenhouse gas pollution under the Clean Air Act to protect the nation from the dramatic impacts of climate change. *(June 10, 2010, Roll Call No. 184)*
